51. Read the following passage below carefully and answer in full sentences, the questions that follow.

The District Education Officer of Kakumiro District gave a **stern** warning to all the head teachers in a meeting which marked the end of term one. The DEO spoke about child protection where she noted that there has been very many cases of child abuse in schools. It is evident that during the course of the term, Some parents were against some teachers who made their children to dig in their farms, moreover during lunch time! She wondered. Another bad case was reported in Kakumiro Town Council Primary School where a Primary Seven teacher beat a pupil to near death. The reason was that the pupil had failed to answer some number in Section B during a Maths test. " Imagine such an unprofessional way of **reprimanding** children!" She lamented.

The DEO gave both a verbal and written statement to all head teachers in this district. She quoted the constitution of the Republic of Uganda of 1995, the child status of 1997 and the Teachers' Code of Conduct of 1996. She put across a number of precautions.

1. To provide an enabling environment that can make children aware that they have rights and responsibilities. As they demand for rights, they should also fulfill their responsibilities such as being disciplined, obedient and doing the right thing at the right time in the right place.
2. Teachers should treat children as human beings and with dignity."Any cause of pain to the child makes him/her to not only hate the teacher but also the subject and at worse, the school".
3. Lastly, the DEO encouraged teachers to treat the pupils as their real children."You are the foster parents to these children, where their parents are not, you are," she stressed. She appealed to them to treat both boys and girls equally. She emphasized them that the girl child should be given special attention as they are prone to defilers and rapists. The DEO ended the meeting giving circular to all head teachers.
