SECTION B: 50 MARKS

Questions 51 to 55 carry ten marks each.

51. Afaayo Primary School made a tour to Mabira City. The class which went was primary five. After the tour, the pupils were asked to write a report about the city. Below is a summarized report of what the pupils saw. Read it carefully and then answer, in full sentences, the questions that follow.

The observations in this report were noted during the tour that we had to Mabira City.

Mabira City streets are littered with garbage. Polythene bags litter the streets and walkways, filling the drainage trenches along the roads. Some of it hangs on trees or dangles on top of flowers, shrubs and bushes of the beautiful gardens.

The smell of fermenting or rotting rubbish heaps chokes not only the passers-by, but also the residents. People are compelled to hold their noses as they pass by. Others have to shut the windows of their vehicles to keep out the strong stench of the decaying matter. Sewage overflows onto the roads, Dead dogs, cats and chickens litter the road. We drove to Riverside way, a road along the river. We could see that the river was dead. It had turned greenish-grey with filth. Open servers from the slums poured into it. There were several garages and car wash places lined along the river banks. The oil, diesel, petrol and other dirt from the vehicles were flowing into the river.

We were shocked to see several boys swimming in the mucky water. In another part of the river, we saw street children bathing and others washing their clothes.

What we saw made us feel that the residents of Mabira City need to change their way of behaviour, in regard to waste and garbage management. Otherwise, they are prone to disease. If only they could stop littering their environment, and the authorities repair or replace old sewers, this city will be a lovely place to live in.

My brother, sister, friend over there
Do you know what sports can do for you?

Physical fitness you're assured of
Team work you'll learn
Lots of friends you'll get
And healthier you'll be.

The young and the old I appeal to you
Love sports and spread the gospel to all
In school always yearn to play
Out of school, the practice shouldn't stop.

Once again, I say choose a game or sport
In which you must get involved
Other than watch other people's sport
Your active involvement is your life insurance.
