Questions **51** to **55** carry ten marks each.

51. *Read the passage below and answer in full sentences questions that follow.*

Uganda is one of the East African countries that practices democracy. In 2021, there was a general election in this country on 14th January. That year still lingers in the minds of several Ugandans because of what happened during the electoral process.

As usual, H.E Yoweri Kaguta Museveni emerged the winner amongst all the presidential aspirants. These aspirants among others included; Robert Kyagulanyi aka Bobi Wine, John Katumba(youngest), Fred Mwesigye, Henry Tumukunde, Nancy Kalembe, Patrick Oboi Amuriat, Mugisha Muntu, Norbert Mao and Willy Mayambala who came last in the race. Justice Simon Byabakama declared the results in favor of the incumbent, His Excellency Yoweri Kaguta Museveni.

Besides the presidents, several candidates were elected as Members of Parliament representing different political parties, FDC, NUP and NRM which had the majority number of seats. The courts-of-law withdrew some of these candidates even after being sworn in as members of parliament. However, one would ask oneself, "Why swear in the names of the Almighty God yet you bribed voters and didn't have the required academic qualifications?"

How I wish all election appeals be settled before people are sworn in! Remember, all this wastes the taxpayer's money.
