	SECTION B
51.	Read the passage and answer the questions that follow in full sentences.
1	Primary five pupils of Kabedo Primary School were in a debate on how they would travel. They were to go for study tour outside the country. Kenya was their choice.
t	Their problem however was the means of transport. Some said "by air" so they wanted to use an aeroplane, others shouted "by road" whereas others said "by train". So the class was divided. Each pupil had a reason for their choice of transport.
3	Those who wanted air transport reasoned that it was the quickest means let alone the comfort and prestige."What about the expenses?", Samuel asked. 'Road transport is the cheapest", Sarah shouted. Even the possibility of dying if you involved in an accident is not high, one of them added.
t	Besides, if you use road transport, you can see many places, animals, forests and so on, said Mariam. When the pupils failed to agree, Mr. Okwera the class teacher put everything to the <u>vote</u> . Those who supported road transport <u>carried</u> the <u>day</u> .
\ E	Within a fortnight, they had made preparations and departed for Mombasa. Being thirty in number and five teachers they were able to fit into a coaster bus. Among the places they visited were, the Eastern Great Rift Valley, Tsavo National Game Park, Kenya Highland, Nairobi City and Mombasa Port. When they returned to Uganda, having spent a full week, they had a lot to talk
