

## KIBOGA DISTRICT ACADEMIC COMMITTEE EDUCATION DEPARTMENT.

PRE - MOCK INTEGRATED SCIENCE - 2024

DURATION : 2 HOURS 15 MINUTES

		Personal No.		
Name:  DISTRICT ID  DO NOT OPEN THIS BO	OKLET UNTIL YOU			
Read the following instruc	tions carefully	FOR EXA	MINERS	JSE ONLY
1. This paper is made up of tw	o Sections: A and B	QN. NO.	MARK	SIGN
2. Section A, has 40 question	ns (40 marks)	1 - 10		
3. Section B has 15 question (	(60 marks)	11 - 20		
		21 - 30		
4. Attempt ALL questions. A Section A and B Must be we provided.	Ill answers to both written in the spaces	31 - 40		
		41 - 43		100000
<ol> <li>ALL answers must be writted ballpoint or ink but not in period in pencil, except diagrams,</li> </ol>	encil. All work done	44 - 46		
		47 - 49	The same	
6. Crossing out of answers will		50 - 52		
7. Any handwriting that canno lead to loss of marks.	t be easily read may	53 - 55		
8. Wrong spelling will lead to	loss of marks.	TOTAL

## 10. .9 00 7. 11. 6 5 4 w 2 -State one reason why animals make sound State one way in which alcoholism affects the family. Besides charcoal, name any other source of fuel got from trees What type of reflection is shown above? questions 6. The diagram below shows reflection of light study it carefully and use it to answer Mention any one living source of light in the environment. A part from beans, give any one example of a flowering plant that belongs In which one way is Name the type of electricity where changes do not move. dicotyledonous plant. Name Give one way in which termites benefits from the soil. In which one way does tooth paste promote oral health? State one physical change that takes place during the process of distillation of alcohol the process by which water turns into ice. 0 spur useful to SCIENCE KIBOGA DISTRICT MOCK 2024. 0 SECTION 'A' domestic fowl. 6

3.	Name the type of bee with well-developed ovipositors.		
	Why does a nail sink in water?		
5.	In the space below draw and name a garden tool used for pruning.		
5.	What type of beam is produced by a working torch while in use?		
7.	Which activity in cleaning of clothes prevents colour stains in light coloured clothes?		
8.	Why should people use biogas for cooking other than firewood?		
9.	How is a reflected sound important to flying mammals?		
	Identify the molluscs that spreads Bilharziasis.		
2	How is burning bushes a dangerous activity to animals?		
	Give one common sign of flu to people.		
23.	State any one way in which the spread of germs can be controlled.		
4.	In which one way are the teeth of a dog adapted to their feeding habits.		
5.	A part from germination, mention any other process that make the use of oxygen in		
	The diagram below is a bar magnet with iron fillings at ends.		
og. 2	SCIENCE KIBOGA DISTRICT MOCK 2024		

Which property of magnets is shown above in the diagram?

- 27. Which vaccine is administered to babies at nine months?
- 28. Name the organ which regulates the body temperature.
- 29. Identify the type of force that enables a P.7 candidate to write Mock Examinations.
- 30. Which blood component is responsible for distributing oxygen in the body?
- 31. Name any one group of vertebrates whose body temperature is constant.

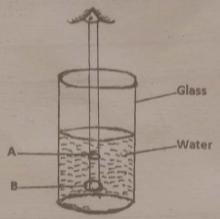

The diagram below is of a farm tool, study it carefully to answer questions 32 and 33.

- 32. Name the farm tool drawn above.
- 33. State the importance of the above tool named in 32 above.
- 34. Which group of organisms in a food chain helps to decompose organic matter?
- 35. Name the disease that attacks both poultry and rabbits.
- 36. Give one principle of PHC.
- 37. How is sisal and Banana similar in terms of propagation?
- 38. A part from curing diseases, give one characteristics of essential drugs.

og. 3......SCIENCE KIBOGA DISTRIGT MOCK 2024.

The diagram below shows an object in a glass of water.

- 39. Why does the object seem to appear at A yet it is at B.
- 40. State one characteristic of seeds dispersed by Wind.

## SECTION 'B' (60MARKS)

- 41. (a) Which term describes the conditions when one is unable to visit the toilet and pass
  - (b) Give the main cause of the condition mentioned in (a) above.
  - (c) Suggest two ways of controlling the condition mentioned in (a) above.

  - (ii) \_
- 42. (a) Name the reproductive cells in mammals.
  - (i)
  - (ii)
  - (b) What is the importance of the placenta?
  - (c) Where does fertilization occur in mammals?

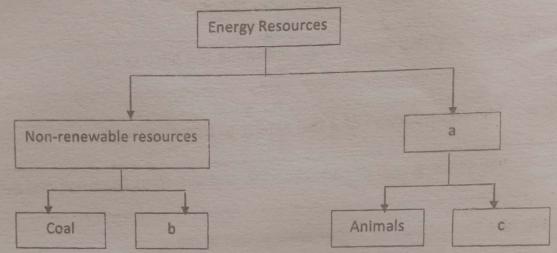

SCIENCE KIBOGA DISTRICT MOCK 2024...

The state of the s	
TKE	8m 30 Kg
(a) Name the machine ab	pove.
(b) Find the value of T in	kg.
4. (a) Give any two signs to	show that the baby is dehydrated.
(i)	The second control of the second seco
(ii)	
	dvice to a mother whose haby is debydrated
	advice to a mother whose baby is dehydrated.
(b) State two pieces of a	idvice to a mother whose baby is dehydrated.
(b) State two pieces of a  (i)  (ii)  5. (a) Match the following in	
(b) State two pieces of a (i)  (ii)	tems in <b>A</b> with their meaning in <b>B</b> as related to Accidents and
(b) State two pieces of a  (i)  (ii)  (ii)  5. (a) Match the following it First Aid.	tems in <b>A</b> with their meaning in <b>B</b> as related to Accidents and
(b) State two pieces of a  (i)  (ii)  (ii)  5. (a) Match the following in First Aid.	tems in <b>A</b> with their meaning in <b>B</b> as related to Accidents and <b>B</b> Use of warm compress to reduce body temperature
(b) State two pieces of a  (i)  (ii)  5. (a) Match the following it First Aid.  (i) Convulsions  (ii) Fainting	tems in <b>A</b> with their meaning in <b>B</b> as related to Accidents and <b>B</b> Use of warm compress to reduce body temperature  Dying as a result of lungs being filled with water
(b) State two pieces of a  (i)  (ii)  5. (a) Match the following it First Aid.  (i) Convulsions  (ii) Fainting  (iii) Tepid sponging	tems in <b>A</b> with their meaning in <b>B</b> as related to Accidents and <b>B</b> Use of warm compress to reduce body temperature  Dying as a result of lungs being filled with water.  Involuntary jerky or shaky movement of the body
(b) State two pieces of a  (i)  (ii)  (ii)  5. (a) Match the following it First Aid.  (i) Convulsions  (ii) Fainting  (iii) Tepid sponging  (iv) Drowning	tems in A with their meaning in B as related to Accidents and  B  Use of warm compress to reduce body temperature  Dying as a result of lungs being filled with water.  Involuntary jerky or shaky movement of the body  A brief loss of consciousness
(b) State two pieces of a  (i)  (ii)  (ii)  5. (a) Match the following it First Aid.  (i) Convulsions  (ii) Fainting  (iii) Tepid sponging  (iv) Drowning  (i) Convulsions  (ii) Convulsions	tems in A with their meaning in B as related to Accidents and  B  Use of warm compress to reduce body temperature  Dying as a result of lungs being filled with water.  Involuntary jerky or shaky movement of the body  A brief loss of consciousness
(b) State two pieces of a  (i)	tems in A with their meaning in B as related to Accidents and  B  Use of warm compress to reduce body temperature  Dying as a result of lungs being filled with water.  Involuntary jerky or shaky movement of the body  A brief loss of consciousness

	(iv) Drowning
	(a) Write down two causes of soil erosion.  (i)
	(b) Which agent of soil erosion causes gullies?
	(c) How does mulching help to control soil erosion?
San Mariana Company	The diagram below is of a simple electric circuit. Use it carefully and answer the questions that follow.
	The state of the s
	Bulb
	Battery Battery
	(a) Name the parts marked; (i) X
	(b) What will happen to the bulb when Y is closed?
	(c) Calculate the voltage in the circuit.
	Use the list of crops given below to answer the questions that follow.  Conifers, coffee, cassava, Ground nuts.  (a) Which crop on the list is propagated by stem cuttings?
	(b) Identify any one crop on the list which is
	SCIENCE KIBOGA DISTRICT MOCK 2024

(i) Annual crop
49. The diagrams below are blood vessels. Use them to answer questions that follow.
(a) Name the blood vessels marked with letters.  A
50. (a) Mention any two artificial vegetative propagation methods.  (i)  (ii)  (b) Give any two advantages of vegetative propagation methods.  (i)  (ii)
51. (a) Write two methods of heat transfer.  (i)  (ii)  (b) State any two effects of heat on matter.  (i)  (ii)

52. The table below shows classification of resources. Study it carefully and answer the questions that follow.

(a	) Name	the	resources	marked
1000	1 1 1011110	- No. 1 . No.	100001000	111611166

- (i) a
- (ii) b
- (iii)
- (b) Give any one example of an animal as a resource that can be used as transport in a desertic country.
- 53. (a) Name any two long bones in the human Skeleton.
  - (i)
  - (ii)
  - (b) What name is given to the joint at the knee.
  - (c) In which one way is friction reduced at the joint.
- 54. Study the diagram below of musical instruments and use them to answer the questions

.....SCIENCE KIBOGA DISTRICT MOCK 2024...

	(a) Which of the above drums will produce the lowest pitch.
	(b) Give a reason to support your answer above,
	(c) Write down any two factors that determine the pitch of sound.  (i)  (ii)
	(a) How is the reproduction of a fish similar to that of a frog?
	(b) Name any other group of poikilothermic animals apart from fish and Amphibians.
	(c) State any two economic importance of fish to man.  (i)  (ii)
	END
